Intro: **G D E_M C**

V1. **G D**

I can wait forever

E_M C

If that's what I must do.

G D

I'll hold it all together

E_M C

'Til the day that you come to.

C G

I haven't gone the distance

A_M G

To throw it all away.

C G

And in spite of your resistance

A_M D

I'm Here For You Today.

V2. You question that I love you

Now how can you say that

When I never kept it from you

You never let it in your heart.

But I guess that you don't feel it

Or you don't wanna' say

In time you might reveal it

But it's Here For You Today.

V3. So, I can wait forever

And wish for how it was.

When you rode upon my shoulder

Just a father and his son.

When there was no competition

Or a promise to betray
