Right Where It Began

Words and Music by John C. Jackson

Copyright 2002 Cosmosity Music/ASCAP

V1. C

One day you fall in love
F **C**
'N every thing is great
E_M **A_M**
You clear a place for love
F **G**
In the middle of your plate
C
But as the years go by
F **D**
You wonder if it's right
C **E_M** **A_M**
'N love gets pushed off to the side
F **G** **C**
'N then (clean) out of sight.

V2. Pretty soon you're feelin' love

Is just a waste of time
And getting' back your freedom
Is what you've got in mind
So you convince yourself
You're better off without
But you're always sorry
When your love runs out.

Br. G

C
It's ever-present you can't avoid it
G **C**
It's always hangin' in the air
G **C**
There's always something you get annoyed with
D **D₇** **G** **G₇**
And you forget how much you cared.

V3. Meanwhile you broke a heart

Trust has been betrayed

Tears fall from her eyes

Emotions come in waves

What was a palace

Where happy hearts could play

Now is a prison with no escape.

V4. If you wanna know a love

That never goes away

Think back when it started

I think you'll be OK

And if you want a love

To fit into your plans

Make sure you keep your love

Right Where It Began

Hold onto your love

Right Where It Began

Try hard to keep your love

Right Where It Began.

Your happy ending...is Right Where It Began
