V1.    **C**   **F**   **G**           **C**  
Papa's operation didn't go as planned  
      **C**               **D<sub>7</sub>**   **F**               **G**  
Doctor says he's better off without that gland  
      **C**               **F**               **G**               **A<sub>M</sub>**  
But all these complications that make his dyin' slow  
      **F**               **B<sup>b</sup>**               **G**               **C**  
Ain't what this good man deserves, that much I know.

Ch.       **F**               **G**               **C**   **E<sub>M</sub>**   **A<sub>M</sub>**  
So, take me out and shoot me 'for I shrivel up and die  
      **F**               **B<sup>b</sup>**               **G**  
Take me out and shoot me you won't hear me cry and whine  
              **F**               **G**               **C**               **E<sub>M</sub>**   **A<sub>M</sub>**  
'Cause I'm not afraid of dyin' and I'll know when it's my time  
      **F**               **G**               **C**  
Take me out and shoot me , I don't mind.

V2. Mama's got the dwindles 'cause she don't eat a thing  
They got so many tubes in her she's a puppet on a string  
Tonight I'm goin' in her room and settin' Mama free  
Besides, I'm the recipient of all of mom's money.

Repeat Chorus

V3. So, spare me all yer fussin', please spare me all the pain  
Just get my Smith and Wesson and put a bullet in my brain  
Let me die with dignity while I'm still walkin' tall  
Just lead me out behind the barn and bury me where I fall.

Repeat Chorus

V4. I don't need Jack Kevorkian to help me do it right  
Maybe I'll just take a pill and slip into the light  
And you might think I'm crazy to carry on this way  
But I'll believe in gun control until my dyin' day.

Repeat Chorus
