V1. **G D C G C D G**  
My darling daughter just turned thirteen  
**G D C G C D G**  
All eyes upon her as she makes the scene  
**D C E<sub>M</sub> A<sub>M</sub> G D**  
I wanna hold her but I gotta let her go  
**E<sub>M</sub> D C G E<sub>M</sub> D G**  
My perfect angel not so long ago.  
**C G D**  
Sarah.

V2. I see her sleepin' there on her bed  
And my love deepens further in my chest  
May God look over her if I ever die  
Til then I'll love her and never close my eyes.  
Sarah.

V3. I hope this hourglass falls on it's side  
And we'll walk forever on the sands of time  
And she'll be holdin' my hand, holdin' on so tight  
We'll take the long way side by side.  
Sarah.
